

DIP 6 TRIMLESS

Trimless downlight

design Jude Allen

The Dip series of low profile wall-washer downlights combines next-generation miniaturized asymmetric optics with an exceptionally compact profile. Precision-machined from solid aluminium, the deep visual cutoff eliminates glare from normal viewing angles, delivering a comfortable, high-performance lighting tool.

La série Dip de downlights à profil bas pour lèche-mur associe une optique asymétrique miniaturisée de nouvelle génération à un profil exceptionnellement compact. Usinée avec précision dans de l'aluminium massif, la coupure visuelle profonde élimine l'éblouissement à partir d'angles de vue normaux, offrant ainsi un outil d'éclairage confortable et performant.

La serie Dip de downlights bañadores de pared de perfil bajo combina una óptica asimétrica miniaturizada de última generación con un perfil excepcionalmente compacto. Mecanizados con precisión a partir de aluminio macizo, el corte visual profundo elimina el deslumbramiento desde ángulos de visión normales, ofreciendo una herramienta de iluminación cómoda y de alto rendimiento.

IP20 Class 2  JA8 made in Canada
